Wellbeing

Laughter is the Best Medicine

It is often said that "laughter is the best medicine" but really? Well the answer is yes! We, as adults, often let life get us down and forget to enjoy life. In the classroom, it is important that children have fun in their learning. Children will often retain more of their learning if they are having fun.

A significant focus of the staff training on November 24th with Di Grigg, is to encourage fun and laughter while working with our students, to build better relationships and to improve one's mental health. Music, laughter and colour will not encourage

inspiration, it will encourage better thinkers.

Cheers from Michael

Accelerated Literacy and the Premier's Reading Challenge

During 2017 the numerous and varied titles studied in each classroom were added to the list of items read to achieve the Premier's Reading Challenge.

We are proud of the students efforts to achieve the challenge this year.

Certificates and Medals that Fraser Park students have read for in 2017 will be included in their Portfolios.

We have received a letter of congratulations from our Premier, Jay Weatherill for another wonderful year of reading, encouraging all students to take up the Challenge again in 2018.

Learning Together at Fraser Park is a fun place for families with children aged 0-4. Programs include playgroups, parenting programs, cooking groups, craft groups, baby playgroups and home visits. A free crèche is provided for parent, craft and cooking groups.

Our playgroups are all about: playing, singing, learning and having fun together. Morning tea is provided for the kids and tea, coffee and milo for you.

New families are always welcome. Drop in for a play on Monday, Wednesday and Friday mornings after dropping your older children off at school.

For more information call Adele on 0423 020 991

"We acknowledge that the lands on which the Fraser Park Preschool-7 School are located on are the traditional lands for the Ngarrindjeri people. We respect their spiritual relationship with their country and acknowledge that their cultural and heritage beliefs are still as important to the living Ngarrindjeri people today."
