

## Fraser Park Buzz

Well, we are past the halfway mark of the term and time is really flying by. Illness has still been the number 1 contributor for student absences so please ensure that if your child is feeling unwell, please keep them home and notify us of their absence.

A short reminder that energy / soft drinks are not permitted in student's bags so please refrain from allowing your students bringing high sugar drinks to school and remember to bring water bottles to school so students can fill them up at the bottle station.

On the Saturday just gone, some of the Fraser Park kids from Kungari and Wuldi got to participate in the Auskick Half Time game at the Power / Hawks AFL game at Adelaide Oval. We would like to thank all the parents who attended and especially to Scott Rathjen who helped organise the families on the day, see some of the pictures taken by the Auskick in this newsletter.

Reminder to families that assembly is this Thursday at 2:40pm in Kungari. Everyone is welcome to attend and be a part of the great things happening in Fraser Park.

# Principal's Piece

Staff have participated in high-quality, evidence-based training and development, and it has been wonderful to see the key elements from this training evident in the classroom. Teachers are constantly updating and refining their knowledge to continue to engage students. In week 4, Jess Sandercock presented to other schools in our partnership. She explained her morning routine, including the instructional routine. Jess and our team spoke to another school about our structure and students learning in the literacy block. Next term, teachers from across our portfolio will be visiting to observe Jess's teaching. It is great to have our staff supporting others in our partnership.

Over the last two weeks, I have had a steady stream of students walking into my office with their fantastic work. Not only are the students showing me their work, but they can also explain the learning. It is lovely to see the students confident and proud of their learning. I am fortunate to see all students work throughout the day when I pop into each classroom. I am pleased to see the high level of learning and engagement in every class. Over the week, we love to share our learning on social media. Please check out our Facebook page to see more of our student's learning.

We know there is a lot of illness in the community. Please remember to let us know if your child will be absent. You can text, call or email the front office staff.

On Saturday, our Auskick children were invited to play at halftime of the Port Adelaide and Hawthorn match. It was a fantastic experience and, by all reports, enjoyable for parents and children. A big thank you, Nick, from the SANFL, for allowing our students to participate.

Last week we came together for a reconciliation week BBQ lunch. It was beautiful to see them sitting together and enjoying their lunch. Thank you to Ian and all his helpers for organising this special lunch.

We are over halfway through the term, and there is still lots of exciting learning to be completed. I cannot wait to share more learning in the following newsletter.

Kimberly

Continuous effort — not strength or intelligence — is the key to unlocking our potential.

# Autism Awareness

## Supporting young people on the autism spectrum with... **Bullying**

### WHAT IS BULLYING:

For some young people on the autism spectrum, it can be very difficult to recognise bullying. They may need support to understand that:

- bullying is about the misuse of power in relationships
- bullying is when someone experiences repeated verbal, physical and or social behaviour that causes harm
- bullying is mean and can be very hurtful there are different kinds of bullying
- no kind of bullying is ever OK
- bullying should always be reported
- adults will do all in their power to take it seriously and deal with it

### Help the young person on the autism spectrum to...

- understand who can be a bully; a classmate or fellow pupil at school, a sibling, an adult or even themselves
- understand cyberbullying and the importance of being cyber-safe
- understand the actions of others and determine when, or if they are being bullied
- understand when they might be being perceived as being a bully
- identify when they are being set up to be a bully by people they consider to be friends

### Be observant!

Each young person will react differently to bullying. It's important to look for changes in the following:

#### Emotional

- non-specific pains, headaches, abdominal pains
- increase in anxiety
- increase in anger

#### Physical

- unexplained bruises, scratches or cuts
- torn, missing or damaged clothes or belongings

#### Sensory

- These behaviours may change - the young person may seek out more sensory information (e.g. movement, deep pressure) or they may become more sensitive to noise, touch etc.

#### Behavioural

- becoming withdrawn
- unexpected mood change
- an increase in fixation on their special interest
- irritability and temper outbursts

#### Other

- unwilling to go to school
- routine change i.e. changing the way they walk
- home from school
- having few friends

*No one deserves to be bullied. It's unacceptable behaviour.*

### And offer support when...

- they want strategies to help with bullying
- they want to join in with social games and activities
- they need to learn the concept of personal space
- they want to talk to someone about what is happening

# Pastoral Passage

Greetings and blessings to all the community of Fraser Park Primary. Winter has suddenly come upon us with some very nasty colds and bugs making people very sick and unwell. Personally, I write this article from home as, Ian too has the dreaded cold bug and a nasty chest infection. I encourage parents to keep your children home if they are sick with a cough, cold and/or runny nose so that they don't spread their bugs at school. In addition to this please seek medical assistance. I know it is difficult and hard to get in to the doctor but shop around as there are several medical practises in Murray Bridge. Bridge Clinic, Murray Bridge Day & Night Surgery and the Family surgery on Bridge Street, Murray Bridge.

On a more positive note the Chaplain's Care Barbecue for the staff and children on Thursday 1st of June at school was well received with the children enjoying homemade burgers or a sausage or two. Special, thanks goes to Gerry Korzeba, MB Chaplain's Support Group for doing the cooking and for Aunty Trish Lloyd stepping in to help serve the food via the canteen. As your Chaplain I have the backing and support of the local churches group who sponsored the cost of providing the food for free. Incidentally, Gerry is one of my spiritual mentor's and we had a great catch up and talk as we prepared the food.

Community Garden – The community garden on the southern side of Pulyeri Kindy, is gradually taking shape. Thanks to the support of Bec Phillips and Lauren Burgan at the kindy. On two Monday's the children have planted broad beans, peas and beans and there are some great photo's on the schools FB page. Coupled with this the garden is the space where some mentoring work is being done with selected Wa Nyi class students chosen by Mr Amos the class teacher to work with Ian. The older boys have been assisting with weed control by laying mulch down and pulling out weeds.

Kingdom Kids Club is going along well and for the next 2 – 3 weeks will be shifted to the Library. Anne Hein is doing the annual book display in Pinyali classroom for the next few weeks. Last week we shared about the story of David and Goliath and talked about how with God's help we can face the fears and concerns in our life with certainty and hope that we are not alone, through faith.

The last dimension of my role as a Chaplain at Fraser is Community Involvement. On Sunday 28th May I spoke about Fraser Park PS and my involvement as your Chaplain. On Friday nights after school is Life Kids Church during the term. Many children from Fraser Park go along and it is a great program for children to explore their spiritual faith. I have been involved with Life Kids Church as a leader for almost two years. I am a volunteer Chaplain at Resthaven Aged Care MB. Involvement in the Inter Church Council, an ecumenical organisation, connects me to local churches and local government, support agencies such as Salvos, Food Bank and many other useful bodies. Networking and connection with Organisations and agencies in MB is vitally important as it gives places of referral and assistance and links the school with the community.

Ian Kluge, Chaplain

Come along to the Learning Together Community playgroups. We are based on the Fraser Park Primary School site.

Our playgroups are all about playing, singing, learning, and having fun together. Morning tea is provided for the kids and tea, coffee, and milo for you. We are fully funded by the Department for Education.

Drop in for a play on Monday or Wednesday at 10:00 am or into our Baby play on Tuesday Mornings. Other programs are available too! Nature Play at local parks, Cooking Together and Parenting programs.

Learning Together Team

## Wanyi news

Term 2 2023

It's been great to see so many of our students in Wanyi really stepping up and becoming more engaged with their learning as term 2 has progressed. It is also been fantastic to see that some students are making a much greater effort to attend, and arrive on time much more regularly. It can't be stressed enough how important it is for your child to be here when the bell goes in the morning so they can fully participate with our Reading, Spelling, and English writing.

We've been keeping pretty busy with a lot of work on fractions and decimals in Mathematics, Opinion writing with English, and learning about mapping, farms, forces, using Power Point, milk production and managed environments in HASS, Science, ICT and Design. It has been particularly pleasing for me personally to see many students really stepping up with their writing and making strong efforts not only to just write more, but to make their writing neater, more structured, and interesting as well. Maybe ask them what their thoughts are on whether kids under 12 should be allowed to use social media - which is our current writing project.

Here are some photos of the excellent work students did, using Unifix blocks and pictures and dice to determine fractions of a whole, and equivalent fractions.

Earlier in the Term we had a Drumming workshop provided by Reclink. Students had a great time learning to respond to beats and rhythms as well as making their own. They really enjoyed this and hopefully we can do it again soon!

# Literacy Lookout

Solve the word scramble and first entrant in wins a prize!

Complete the phrase on the board.

The letters of the phrase on the board felt on the ground.

You have to put the letters back on the board in the correct order.

Luckily the letters felt directly under the column as they were on the board.

Good luck!

## Fallen Phrase

# Pulyeri Newsletter

Preschool at Fraser Park

## Preschool Arrival and Collection

We remind parents that preschool sessions run between 9am and 3pm. During these hours, there is lots of rich learning going on, right up to the end of the day.

We ask that if you need to collect your child early for any reason, you communicate this to staff (either in person or via phone call.)

Early collections will now happen through the schools front office. This is to ensure we are following relevant legal requirements, and to reduce disruption for other children who are still engaged with learning.

We ask that families wait until the 3pm school bell before coming into preschool.

Thankyou.

### Keeping in Contact with Preschool

There are several ways to keep in touch with me at Preschool. If you have set up [Class Dojo](#), please use this first.

Otherwise, you can call/text the school mobile on [0447 071 864](tel:0447071864)

I also use the school's Facebook page to share information and reminders. Use this QR code to access.

Warmly, Miss Bec

# Pulyeri Newsletter

## Preschool at Fraser Park

### National Simultaneous Story Time 2023

On Wednesday May 25th we participated in National Simultaneous Story time along with about 2 million other children across Australia and New Zealand.

Together with the Reception/1 class (Kungari) we watched as Author Rebecca Young read her story, "The Speedy Sloth" live from Sydney Zoo.

A reminder for families that next week (week 7) we will not be having any preschool sessions. Please see the separate note for further information.
