

Fraser Park Buzz

Well it is definitely getting warmer as the term rolls towards spring break. We would like to advise parents to warn children about the dangers about playing in scrub / natural areas due to the danger of snakes. Snakes have already been seen in the community and it is well known that snakes can often be aggressive in the early Spring months so please be careful and remember that all scrub areas within school grounds are strictly out of bounds.

As Fraser Park is a sun safe school, we encourage students to wear hats to school and bring along a suitable refillable water bottle so students can stay well hydrated. Students can be quickly overcome by heat stroke so let's all be sun safe and remember to Slip, Slop, Slap, Seek and Slide this Spring and Summer.

There are new staff at Fraser Park, Mrs Kara Lienert will be the new Wellbeing Coordinator and will be starting in Week 10 and also would like to welcome Miss Charlotte Irvine to Fraser Park, she is the new Youth Worker who will be working in Edge.

Diary Dates

5th September	Student Free Day
8th September	School Closure Day
29th September	Footy Clinic—Wuldi and Wanyi
29th September	End of Term 3
16th October	Beginning of Term 4

Principal's Piece

What a term we have had moving our administration building and library so far. It was a massive effort, and I thank everyone for all the extra work they put in to make the move as smooth as possible. It is nice to have settled into our temporary administration building. It has been great getting used to our new space and being closer to the classrooms, although a little further from the preschool.

We have had two great weeks of learning. The preschool children and Wuldi students took their scarecrows to the Adelaide show. The competition was intense, but the preschool children received two awards. Miss Bec will share more of the good news in her preschool update.

Last week, teachers and SSOs travelled to Tailem Bend Primary School to participate in Big Ideas in Number training. It was an excellent opportunity for staff to work with other teachers and SSOs across the partnership. Staff could analyse their classroom data and learn different activities to support each child's level of understanding.

Over the last four weeks, staff have been undertaking literacy training provided by the Literacy Guarantee Unit. It has been an excellent opportunity for staff to discuss our literacy block and ways to improve our delivery. We were able to look at our intervention programs and learn new activities. These training sessions are linked to our SIP (Site Improvement Plan), supporting our student's learning and engagement in the classroom. We have already achieved one of our literacy goals, which is fantastic.

Our attendance is beginning to increase again. Please remember to contact the school if your child is absent. Let's see how high we can get our average attendance by the end of term 3.

With great pleasure, I announce Kara Lienert as our Wellbeing Coordinator for 2023 and 2024. Kara comes to Fraser Park from Mypolonga Primary School and has a wealth of experience working across our partnership. Kara brings many skills to the role, and we look forward to welcoming Kara to the Fraser Park team. Kara will begin the position on Monday, week 10.

We are close to the end of term, but there is still lots of learning occurring. If you want to keep the learning happening at home, please encourage your child to read to you, or you can read to them. Two to five minutes at night is all it takes. Many books can be borrowed from our school library. If you have any questions, don't hesitate to contact your child's teacher or Anne Hein (librarian).

Kimberly

"You are braver than you believe, stronger than you seem, and smarter than you think."

A.A. Milne

Pastoral Passage

Hello and greetings to the school community that is part of Fraser Park Primary School. The end of Term 3 is rapidly approaching and the warmer weather and longer days are bringing all of us outdoors more.

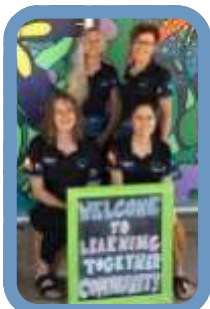

Kingdom Kids Club in Pinyali classroom at lunchtimes on Wednesdays where children can come along on a voluntary basis and do activities with a Christian message of hope, love and care as we share time together.

My role as your Chaplain. The word Grace comes to mind. We all need to show and extend grace to each other. What does this word mean? In a spiritual context Christians believe that God's grace and mercy to us is unlimited and unconditional. In the same way each of us is then called to show grace to other people. Grace that is undeserved kindness, mercy, favour and help people in their time of need.

As your Chaplain here to serve you, to care and help in times of need.

The community garden adjacent to Pulyeri kindly on school side is going along well with the help of students to maintain the garden. We have been busy getting some beds ready for spring planting. Currently, we have broad beans, peas, beetroot and spinach growing. We hope to grow some pumpkins and tomatoes starting at the beginning of Term 4. I would like to thank the students for respecting the garden area as it is for their benefit this term. Well done. At the end of Term 2 there was some damage done to garden.

Ian Kluge,
Chaplain

Come along to the Learning Together Community playgroups. We are based on the Fraser Park Primary School site.

Our playgroups are all about playing, singing, learning, and having fun together. Morning tea is provided for the kids and tea, coffee, and milo for you. We are fully funded by the Department for Education.

Drop in for a play on Monday or Wednesday at 10:00 am or into our Baby play on Tuesday Mornings. Other programs are available too! Nature Play at local parks, Cooking Together and Parenting programs.

Wanyi News

Term 3 week 8 2023

So far this term in Mathematics, Wanyi students have been learning and exploring about different types of measurement, the Metric system and two-dimensional and three-dimensional shapes. For the rest of the term we'll be looking at lines and angles, location and transformation. A really important part of learning about shapes is developing the ability to recognise and see 3D shapes from different viewpoints and then describe them. Have a look at some of the great work our students did with interpreting some complex shape images and then constructing them themselves.

Another important part of our understanding of 3D shapes is understanding that they are all created from 2D shapes! All of those amazing computer graphics you see in movies like the dinosaurs in Jurassic Park and in any of the Marvel movies have all been made using tiny 2D shapes put together using super powerful software. The special pattern of 2D shapes that can be turned into a 3D shape is called a 'net' have a look at our fantastic results when we had a go ourselves using printed nets on paper.

2024 TRANSITION FAMILY CONFERENCES

Monday 18th September
Thursday 21st September
Tuesday 26th September

Click the link in our post to make a booking

**BOOK
NOW**

We will be running individual meetings with parents and students in weeks 9 and 10 this term. Meetings are designed as an opportunity for our staff to gain you and your child's perspective regarding their learning strengths, interests, and areas for development

If you wish to book a meeting, please access the form below to select a suitable date and time. We will be in contact a week prior to confirm your chosen time, location and let you know who you will be meeting with.

Math Melodrama

See if you can answer the questions and solve the riddle—first correct one handed up will get a prize

Name _____

Date _____

DECIMALS

Decimal Match

Equivalent fractions
and decimals

Hint:

Write the
expression
as a fraction first!

For example: $7/10 = 0.7$

Write the answer to each decimal expression in the space provided. Find your answer in one of the boxes at the bottom of the page. In the correct box, write the word that matches your answer. Once you have filled in all the boxes, you will discover the answer to the following riddle:

How do we know football referees are happy?

- | | | | | | | |
|----------------------------------|---|-------|---|-------|---|----------|
| 1. Three tenths | = | _____ | = | _____ | = | Happy |
| 2. Thirteen and one thousandth | = | _____ | = | _____ | = | Know |
| 3. Four and four hundredths | = | _____ | = | _____ | = | Are |
| 4. Seven and fifteen thousandths | = | _____ | = | _____ | = | Always |
| 5. Thirteen and one hundredth | = | _____ | = | _____ | = | While |
| 6. Four and four thousandths | = | _____ | = | _____ | = | They |
| 7. Three hundredths | = | _____ | = | _____ | = | Referees |
| 8. Thirteen and one tenth | = | _____ | = | _____ | = | They |
| 9. Four and forty thousandths | = | _____ | = | _____ | = | We |
| 10. Thirteen and ten hundredths | = | _____ | = | _____ | = | Work |
| 11. Four and four tenths | = | _____ | = | _____ | = | Because |
| 12. Seven and fifteen hundredths | = | _____ | = | _____ | = | Whistle |

4.040	13.001	0.03	4.04
0.3	4.4	4.004	7.015
7.15	13.01	13.1	13.10

Preschool at Fraser Park

End of Term Diary Dates

Tuesday 19th September (week 9)

CAFHS 4yo Health Checks-Please speak to Miss Bec to book

Tuesday 26th September (Week 10)

Family Afternoon from 1:30pm

Wednesday 27th September (Week 10)

Last day of Preschool for Term 3

Monday 16th October (Week 1)

First Day of Preschool for Term4 (this will be a 2 day week)

2023 Parent Survey

The 2023 Preschool Parent Opinion Survey is now open, through to Friday 6th October. The Survey is one of the ways we collect feedback from our families, which we use in planning for ongoing improvements here at Fraser Park Preschool.

I encourage all families to participate, your voice is very important to us. You can complete the survey online using this QR code, or talk to Miss Bec for a paper survey. All feedback in the survey is confidential.

Keeping in Contact with Preschool

There are several ways to keep in touch with me at Preschool. If you have set up Class Dojo, please use this first.

Otherwise, you can call/text the school mobile on 0447 071 864

I also use the school's Facebook page to share information and reminders. Use this QR code to access.

Warmly, Miss Bec

Scarecrow Project

Our Mulyawonk scarecrow went down to the Royal Adelaide Show last Thursday and judges Sophie Thomson and Costa Georgiadis (from Gardening Australia on ABC) thought it was amazing!

They awarded it first place in the recycled scarecrow category AND Best Scarecrow at the Show for 2023! We are so excited!! Costa also sent back a very special video message for our children. Well done Pulyeri!

If you would like to see him in person, our Mulyawonk will be heading to the Murray Bridge Show; Friday 22nd September 3pm-9pm & Saturday 23rd September 10am-9pm
